

Is Your Centre Privately Owned?

Membership Makes a Difference

Membership to the Australian Childcare Alliance SA could be the most important step you take to protect and develop your early education and child care services.

Where do you find the time to stay up-to-date?

Do you want to keep up to speed with the constant changes in the sector and stay at the forefront of the latest news and updates to ensure your business is compliant and running at its best? ACA SA will keep you informed.

“ACA SA members are private owners of centres who enjoy a unique collegiate relationship with a network that is non-competitive, friendly and supportive. They share the challenge of running a busy centre with all the pressures of being a small business”

We keep you informed: ACA SA is committed to keeping members up to date with current issues and impending changes affecting their service and practices.

Your voice will be heard: Most importantly, membership to ACA SA gives you automatic membership to our highly respected peak national body 'Australian Childcare Alliance', who work with State and Federal Governments, and regulatory authorities to influence better outcomes for childcare services and families.

We keep you connected: As a member, you will also benefit by connecting with other independent centre owners and operators like yourself at meetings and events aimed to support and inform while building important relationships with other childcare professionals and industry stakeholders.

Your Voice, Your Alliance - Representation at the Federal Level		

ACA SA Full members also benefit from the national alliance that undertakes a vital advocacy role in pursuit of better regulation and outcomes for the childcare sector and in particular the privately owned services, now and into the future. This is accomplished through substantial and skilled analysis of policy and the communication of ideas to government at both State and Federal level. We continually represent our members across the industry with stakeholder groups and monitor issues that affect our members, their staff and the children and families they serve.

Benefits are correct at the time of printing / publishing - but may change without notice.
